

SLOVER CONSULTING

Subject: Clay County, Florida survey conducted for Slover Consulting / St Pete Polls

Date: Week of March 16, 2020

Executive Summary:

This poll of 586 likely Clay County voters was conducted the week of March 16th, 2020. This poll used the registered voter lists supplied by the state of Florida as of January 7th, 2020. The sample of voters that were contacted included random samples of registered voters within the boundaries of Clay County, Florida.

The issues surveyed included questions related to the 2020 election for Clay County, Florida.

Methodology:

The poll was conducted through an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the active voter population for Clay County, Florida. The weighting demographics used were: political party, race, age, gender and media market.

The scientific results shown for the questions below have a sample size of 586 and a 4.0% Margin of Error at a 95% confidence level.

Summary of Scientific Results:
